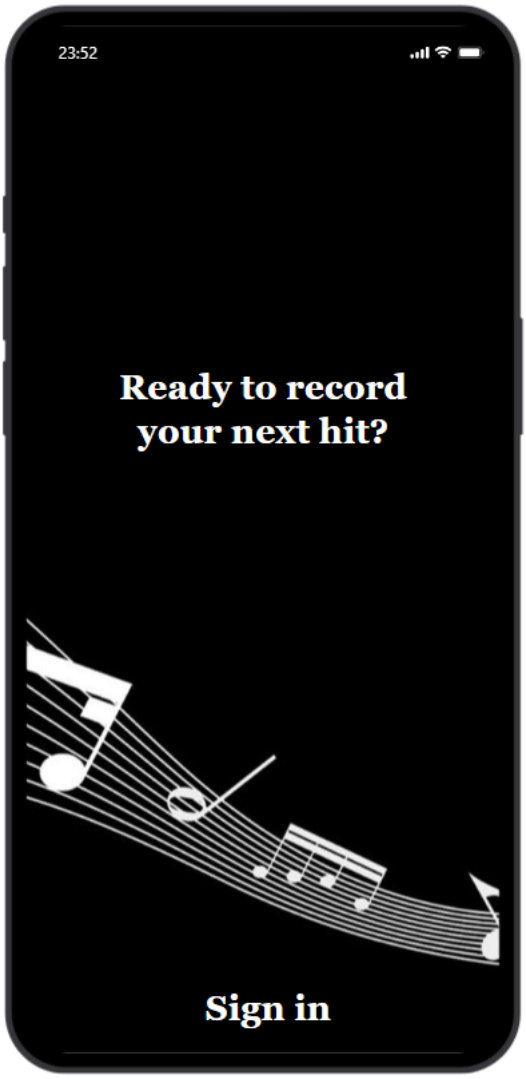
EXPERIMENT 4

ROLL NO: 240701362 NAME: NIMALAN M

Create a prototype with familiar and unfamiliar navigation elements. Evaluate ease of use with different user groups using proto.io

Screen 1:

Sign In page for the Music Recorder App



Familiar (Common Design Patterns)

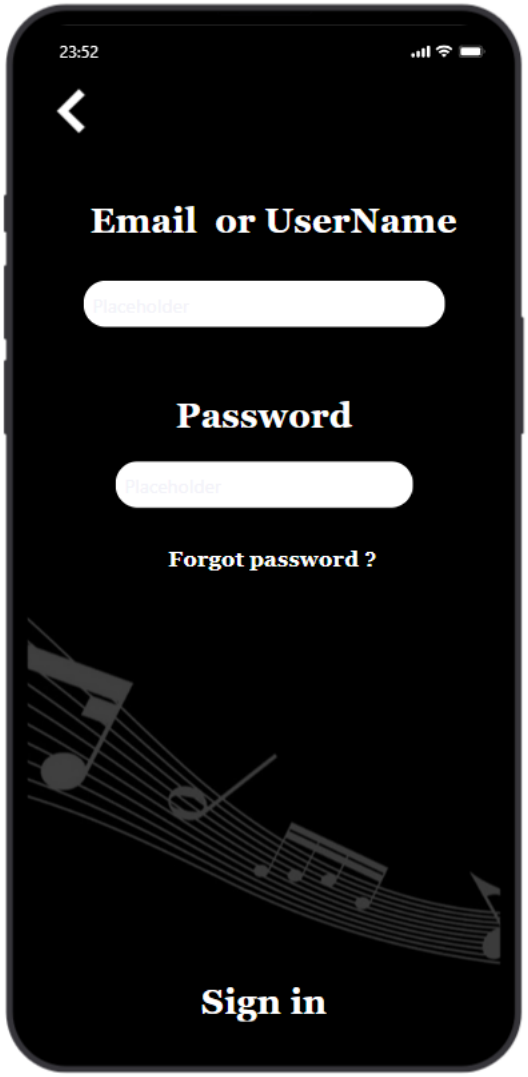
- Big centered headline
- Dark theme (like Spotify, Apple Music)
- Sign in at bottom
- Minimal layout

Unfamiliar (Creative Elements)

- Instead of “Welcome”, you used a motivational question
- “Ready to record your next hit?” makes user feel like an artist 🎤
- Large flowing music staff graphic across screen
- Very dramatic black aesthetic (almost studio vibe)
- No clutter – very bold minimalism

Screen 2:

Sign in page:



Familiar

- Email field
- Password field
- Forgot password
- Back arrow

Unfamiliar (Creative Elements)

- Same music theme continues in background (branding consistency)
- Big typography for labels (very bold and dramatic)
- Dark cinematic style instead of plain white login
- Feels like “artist login portal” not generic app login

Screen 3:

Home page:

Familiar

- **Search bar**
- **Settings icon**
- **Bottom navigation**
- **Sections (My Tracks / Beat Drop)**

Unfamiliar (Creative Elements)

- **“Beat Drop” instead of normal “Explore”**
- **“Record Now?” styled like a question**
- **Big microphone in center (focus on creation, not consumption)**
- **CD icon (retro vibe)**
- **Music background graphic still flowing**

Screen 4:

Recording page:

Familiar

- Title at top ("Record")
- Waveform visualization (common in recording apps)
- Microphone icon
- Back arrow & settings icon
- Bottom navigation bar

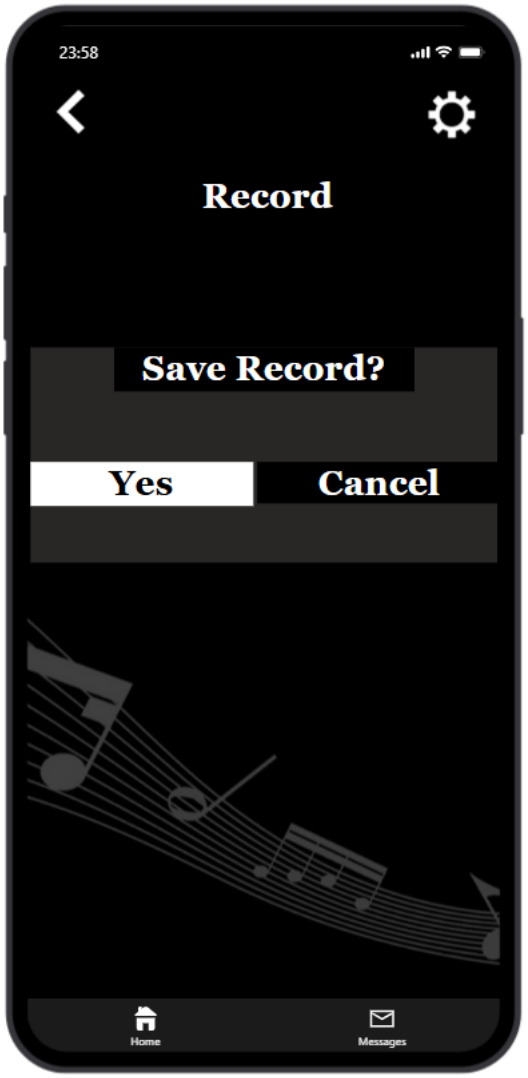
These are standard elements in recording apps.

Unfamiliar (Creative Elements)

- Large centered waveform as the main focus
- Minimal controls — no clutter
- Dark studio-like aesthetic
- Music staff graphic still flowing in background
- Microphone icon placed slightly separate from waveform (artistic spacing)

Screen 5:

Saving page:



Familiar

- Confirmation popup style
- “Yes” and “Cancel” options
- Simple centered question

Standard user confirmation pattern.

Unfamiliar (Creative Elements)

- Bold dramatic typography for “Save Record?”
- Dark overlay effect instead of white popup
- Horizontal split button style (unique layout)
- Consistent music branding even in confirmation

Screen 6:

Saving page:

Familiar

- Success message
- Checkmark icon
- Minimal confirmation layout

Very common success feedback pattern.

Unfamiliar (Creative Elements)

- Large circular check icon centered dramatically
- No extra text (very bold and confident)
- Clean cinematic feel
- Music background still subtly visible

Screen 7:

Playing record page:

Familiar

- Album/CD image
- Play, forward, backward controls
- Progress bar
- Volume control
- Back and settings icons
  Standard music player layout.

Unfamiliar (Creative Elements)

- Retro CD instead of modern album cover
- “Listen to your track” instead of just track name
- Dark red tone (more emotional vibe)
- Earphone illustration at bottom (immersive feel)
- Artistic minimal player instead of full-featured streaming UI
