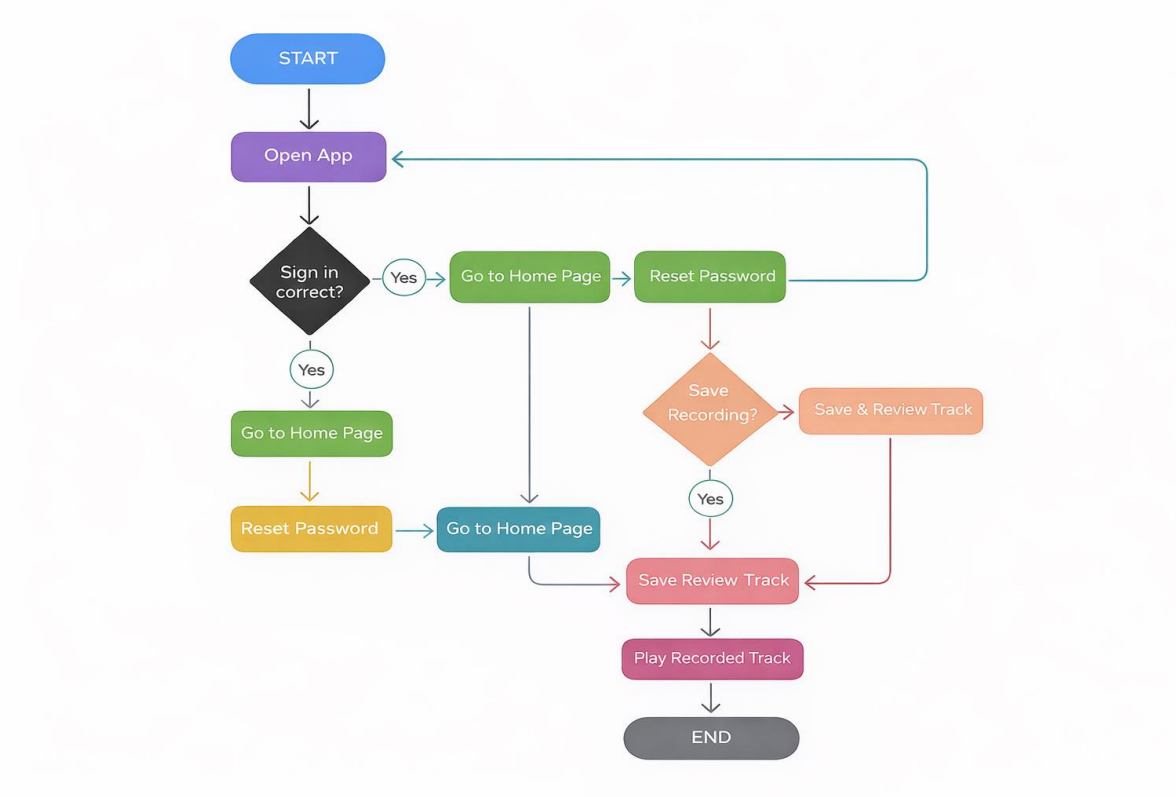
EXPERIMENT-5

Name: Nimalan M **Roll no:240701362**

Conduct task analysis for an app and document user flows. Create corresponding wireframes using Lucidchart.

Lucid Chart:

(music app Login and Chat Flowchart)



FlowChart Descriptive:

Start – User opens the Music Recorder app.

- Login Check – System checks if the user is logged in.
- Login Process – If not logged in, enter email and password → system verifies credentials → login successful.
- Recording Process – User goes to home page → taps Record → records audio → system asks to save the recording → user confirms save.
- End – Recording is saved and the user can play the track, record another audio, or exit the app.

WireFrame:
